2008  
*Hope Calendar*

Sponsored by  
Bows and More Galore

# Thank You!

The Hope Calendar was created to raise funds for local charities while having a bit of fun doing it by featuring local children... but it wouldn't have been possible without the families who volunteered their beautiful children to be photographed or the generous businesses listed below to lend their support, especially in the calendar's first year!

This project is also supported by the many families who purchase calendars and the local businesses that help to sell them!

Special thanks go to Tracy of Bows and More Galore for all the time and effort that goes into such a big project with just 2 gals at the wheel!
